-----------------------------------------------------------------------------------------------

Salad Decoration

Salad making competition was organised for the students of junior college on 20th November 2014. The objective behind the competition was to inculcate healthy food habits and awareness regarding the choice of food among youth.

Each team was represented by two members. Cleanliness, safety, taste and presentation were the basic criterion for the judgement. The participant creativity was revealed through the beautiful designs and patterns formed with different mouth watering salad.
