REPORT – ALUMNI ASSOCIATION

What is Alumni Association?

An **alumni association** is an association of graduates or, more broadly, of former students. These associations often organize social events, publish newsletters or magazines, and raise funds for the organization. Many provide a variety of benefits and services that help alumni maintain connections to their educational institution and fellow graduates. Additionally, such groups often support alumni, and provide a forum to form new friendships and business relationships with people of similar background.

Mission Statement

To bring all old Students, who studied at Sanpada College of commerce and technology, under one forum for exchange of Knowledge, Skill and Experience amongst themselves and to disseminate them to the students of the College.

Goals & Objectives

To develop an alumni association which supports the mission and goals of the college and foundation. Develop effective communication with alumni.

- Provide opportunities for alumni to network and interact with the college, students, and communities served.
- Engage a broader base of alumni by promoting services and support.
- Promote the alumni association and develop a relationship with current students in order to encourage their involvement as alumni.
- Educate alumni about the value and opportunities for philanthropic support.

Benefits after College

More Networking

“One of the main benefits is career contacts in all different states,” Weeks says. Alumni associations can usually supply a list of alumni (often free) according to location, graduation year or profession. The alumni connection can often provide the “in” you need for job and career assistance.

Keeping in Touch

Alumni associations are great for helping alumni stay tuned in to the happenings back at college and with other alumni
